DEDICATION

We dedicate the 1977 yearbook to some very special people who made enduring impressions in our lives. They listened when we were in need of someone to talk to. They made us aware of the world that we faced; gave us their guiding hands so we couldn't go astray; gave us shelter from the cold and food when we were hungry. With experienced voices, they taught us of sorrow, of love, and of hate. When we were frightened, they comforted us with gentle words and caresses and gave us the strength to bear life's tasks.

All these things they gave in love, taught in love and these things we learned in love. These precious ever lingering moments will remain in our hearts forever. In sweet appreciation, we the Senior Class of 1977 would like to dedicate this annual to some very special people--our parents.

1977 SENIOR CLASS PROPHECY

by the Junior Class

The students of the Junior Class have gone to great lengths in writing this prophecy. The class not only used their vast knowledge and intelligence, but also the stars, astrological signs and the help of Jean Dixon to foresee your future.

DARLENE BOOK will be known to all nations of the world as the greatest "Cook" of all. NANETTE BRUTON attends Hardin-Simmons University, and will start a Dial-A-Date Service. RHONDA CALCAVECCHIA will spend many days baking pepperoni pizzas and trying to figure out how to spell her last name.

DIANE CMEREK makes our petite 6 foot running back, BILL DODSON, into a backwood's cotton farmer. After PENNEYE DICKSON gets married, she will tell her children all her stories of how she disrupted class and drove the teachers up the walls!

After spending several years of Friday and Saturday nights at the "Place", JANELLE HAVLAK and RITA SMITH finally got tired of merely going there. They now own the "Place" and are doing a very profitable business. ROBERTA HAVLAK will change her meek and mild ways and becomes the greatest lady wrestler that ever lived.

We see GARY HAYES, ROGER MEACHAM, BARRY OFFIL and DOC TURK, living in an Open Road Trailer doing the Rodeo circuit. These 4 guys live for 3 things--fast horses, fast money, and fast women! BONNIE HELWIG will achieve fame and fortune by raising the first "Aggie" Herefords. You will be able to see DANNY HOLIK in the local department store sitting on a shelf, being his usual teddy bear self.

MITCHELL JANSAN becomes "Ace" Farmer. He will raise and even improve on a new type of crop--"Johnson Grass". CATHY KASBERG lives in Eola where she works toward the brewing of better tasting wine. Because MARK KVAPIL looks so much like Roy Clark, he becomes famous in the movies as his double, doing stunts and rescuing damsels in distress.

SUSAN LACY becomes the only math teacher to have her students teach her math. We see NATALIA LOPEZ and NORMA MARTINEZ making the daily rounds of supermarkets trying to find the best bargains for their families. TIM NORD will be the only guy at college to have his own bucking barrell in his dorm room.

RUTH PELZEL and JOAN SHILLER are the owners of a beer distributing company and the "Bud Twins" are the official tasters. STARLA RIDDLE will be up every Saturday night fixing breakfast for all her friends after the dances. DAVID SCHNIERS will finally reach his life long goal and ambition of weighing 300 pounds, but decided to go on a crash diet when asked to run track for the 2000 Olympics in Miles.

We remind you that this prophecy has been kept in a tightly closed mayonnaise jar under a "Funk & Wagners" encyclopedia since the year 1959. Some of these prophecies may come true, but for the sake of humanity, we hope not!!

1977 SENIOR CLASS WILL

by the Seniors

Darlene Book wills to BECKY KING her femininity and self-control. Pennye Dickson wishes to leave her love of Government to KELLY WILLIAMS. Bill Dodson wills to JESSE WRIGHT his big tummy and kinky hair. To SHARON McWILLIAMS, Janelle Havlak leaves her quiet and orderly ways.

Barry Ofill wishes to will his role of the "Fonz" to GAYLON SCHNIERS, who like Barry will never fit the role. David Schniers bequeaths his ability to over diet and act manly to LANCE LACY. Natalia Lopez and Roberta Havlak wish to leave their loudness to CAROLYN ELLISON who might know what to do with it. To RITA CASAREZ, Norma Martinez leaves her love of money and SuAnn Lacy leaves her shyness to Rita.

Gary Hayes wills his love of teachers, homework, and the 8:15 bell to RANDY REDMAN. Joan Shiller leaves her giggles to NASH CANO. To HOPE IBARRA, Cathy Kasberg wills her height and ability to ask silly questions and Rita Smith leaves her ability to be counted absent when she is present.

Mitchell Jansa wills to CLAY HOLIK his ability to flirt with girls but never accomplish anything. Tim Nord wills his ability to be a Rexall Cowboy to STANLEY SCHNIERS and his coordination to DUANE SCHNIERS. To JANIE FREEMAN, Roger Meacham leaves his shyness, and his ability to stay away from the opposite sex.

To JOSEPH BINDER, Mark Kvapil leaves his ability to never know what's going on, and Doc Turk leaves his ability to fall in love with himself. To LETICIA SALINAS, Rhonda Calcavecchia wills her ability and secret for short engagements.

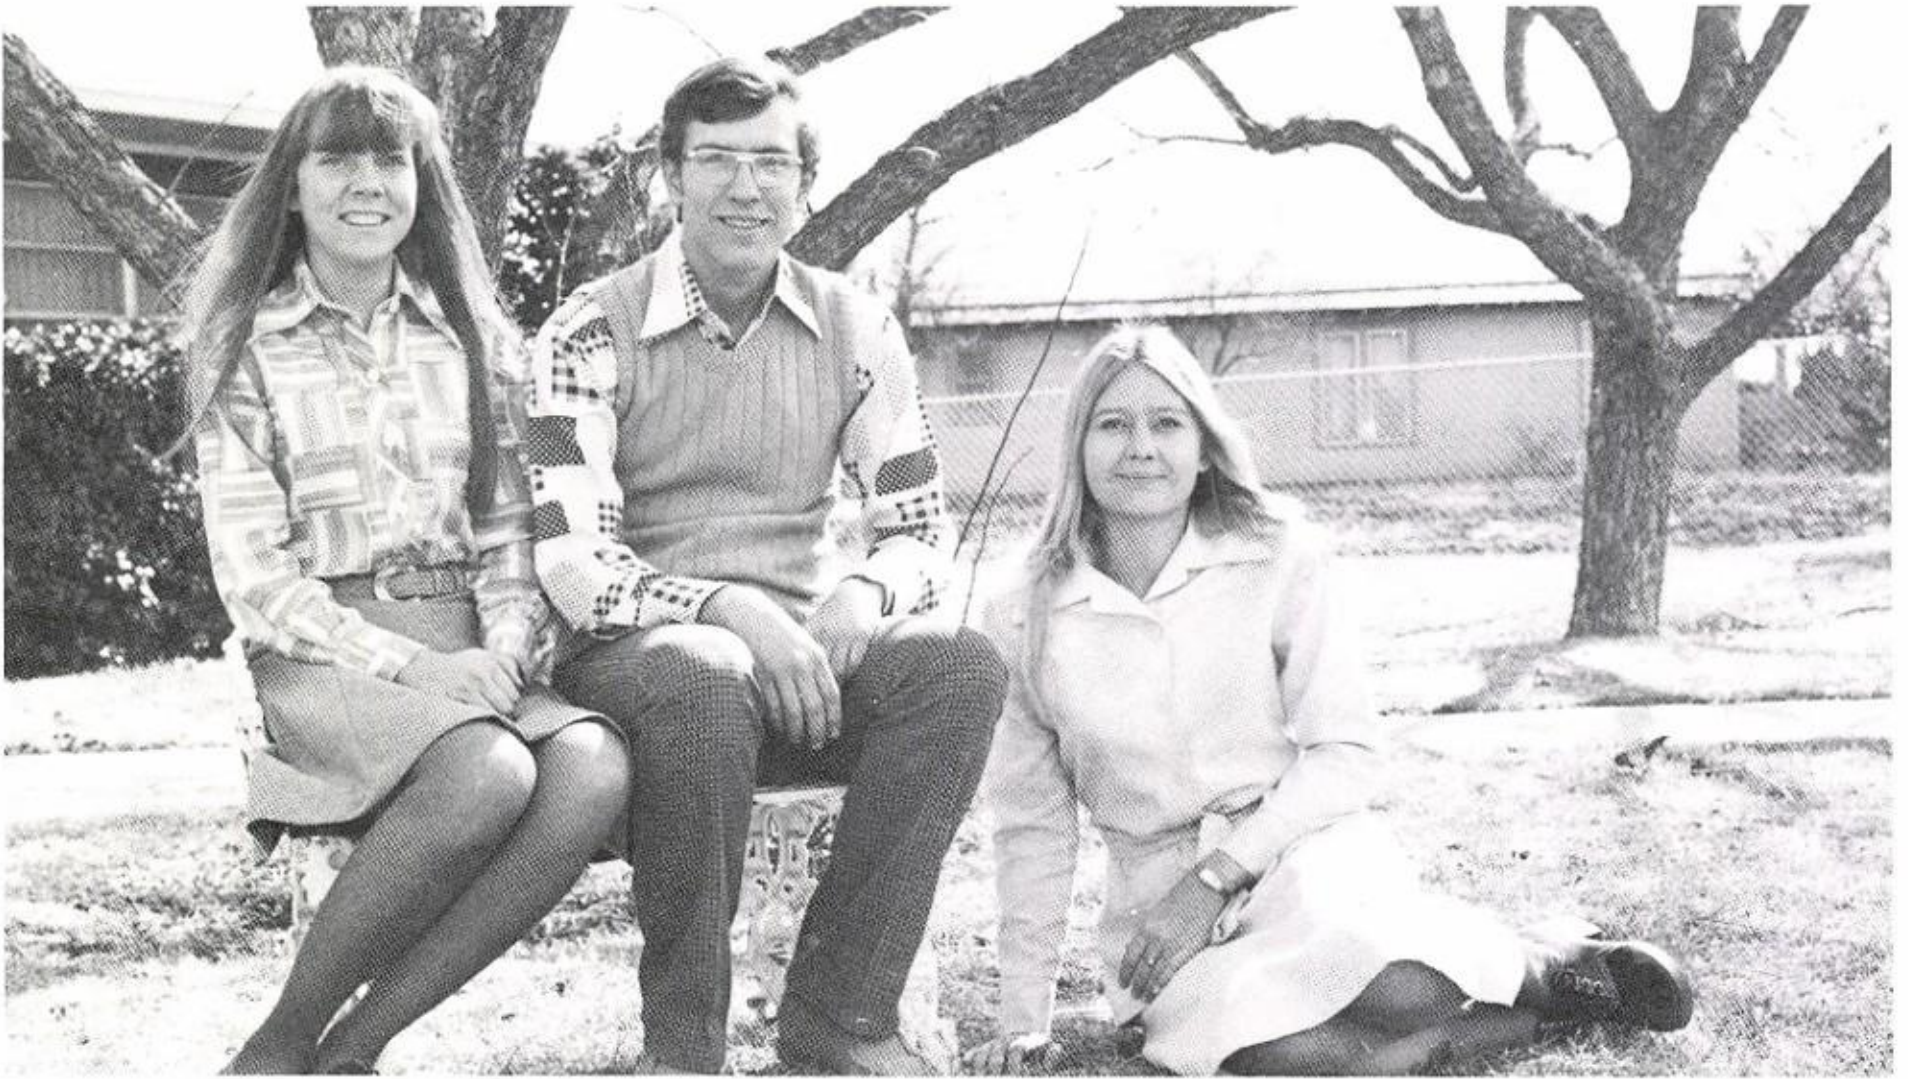

Diane Cmerek leaves to DARLENE HENRY her ability to diet and gain weight and Bonnie Helwig leaves her ability to be an Aggie and to be able to blush at dirty jokes. Nanette Bruton leaves her uncanny ability to melt people with her stare and her uncontrollable giggles to BONNIE KVAPIL.

To ANNA LEE SHILLER, Starla Riddle leaves her ability to go out with the same guy at least two consecutive dances in a row. To RIKKI POPE, Danny Holik leaves his address in case she ever gets lonely; and Ruth Pelzel leaves her love for the Cavaliers and her dancing feet in case Rikki wears out her own.

The girls of the Senior Class of 1977 wish to leave to the Junior girls the ability to get engaged before graduation.

The boys of the Senior Class of 1977 wish to leave to the Junior boys 50 Ways to Stay Free.

Seniors were born to do great things,
Juniors and Sophomores for small;
But none has found a reason,
Why Freshmen were born at all!

Look to this day for it is life;
the very life of life . . .

Laughter and tears,
Smiles and cheers,
We will remember these
throughout the years.

PEOPLE

Where do they go
The people you know
The ones that were such
A big part of your life,
The friends you had,
The times you knew.
The fun that it was
It seems they are gone
Or forgotten.
The places you went,
The people you went with
It's as if they were never there,
Or perhaps you weren't there.
It all seems that it was all a dream,
That the years gone by
Were not years or even days
But nights of dreams.
And maybe you, too
Will become a dream
Of the past,
As many of the others
Whose names I can't remember did,
But I hope not.

The Odds were against them from the very beginning, but the Miles Bulldogs tried their wings for the first year of 11-man football.

They practiced hard each day starting in the heat of the summer. They were rewarded with a winless season.

The Miles Bulldog players took each loss with a dignity and sense of gain that comes only with the kind of Bulldog pride that good coaching and loyal fans instill upon young athletes.

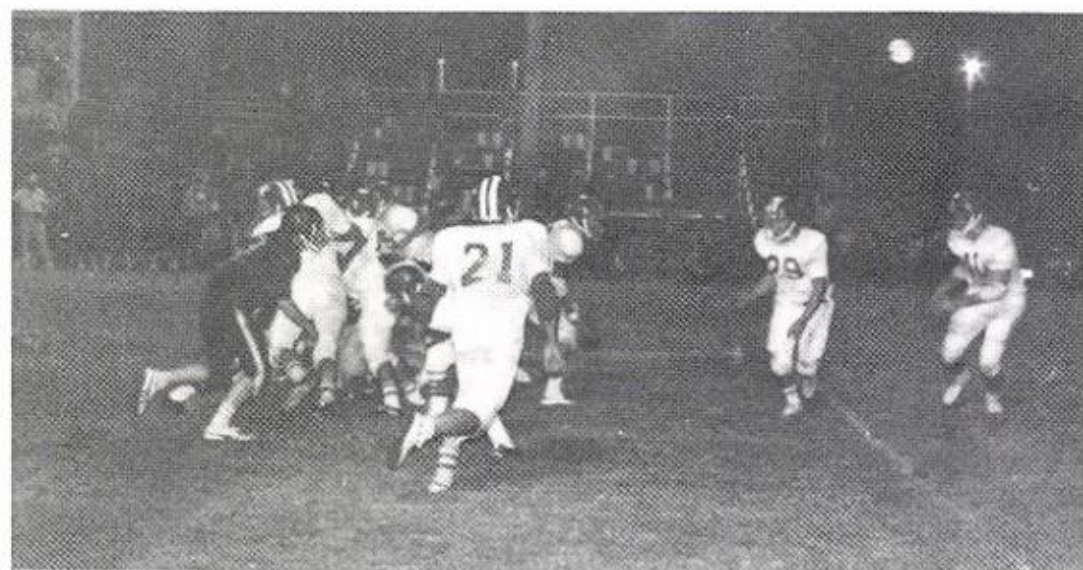

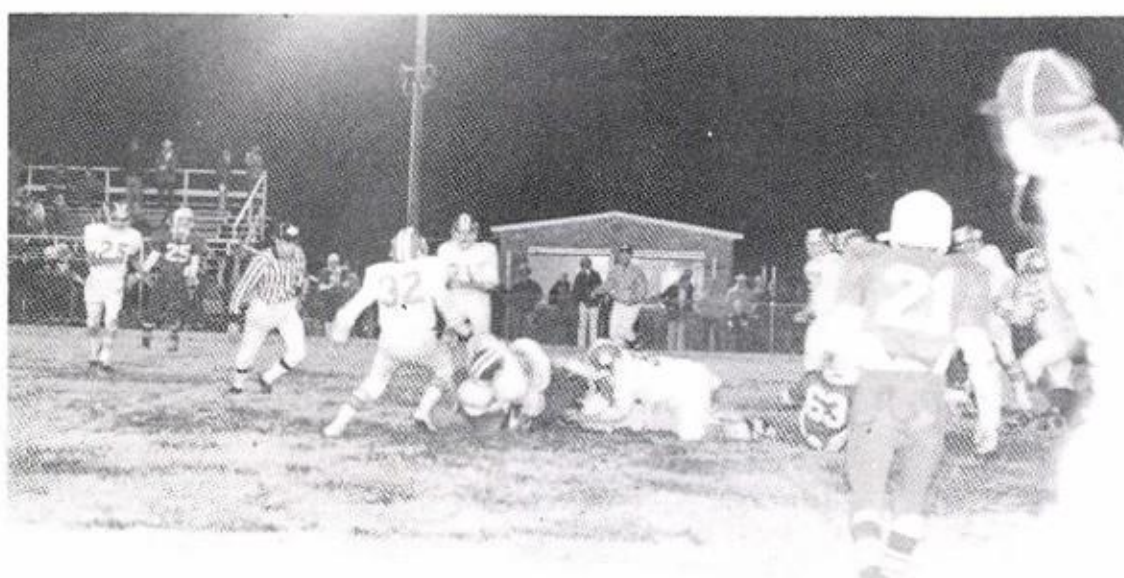

Miles gained strength and experience with each game. They will be back next year, older, wiser, and ready to WIN!!!

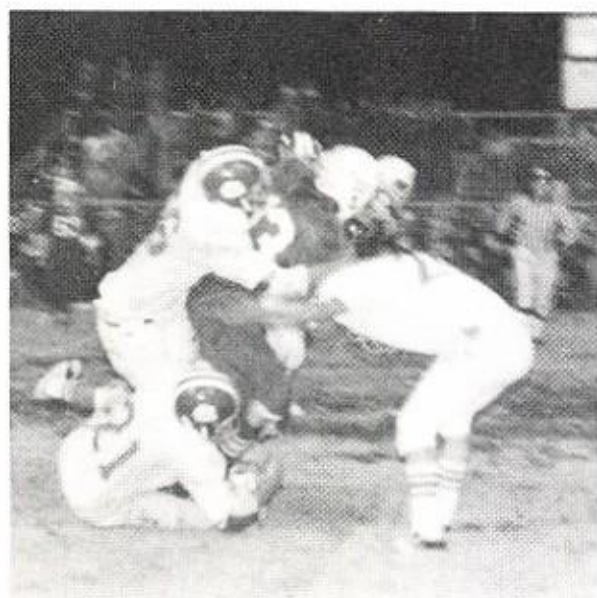

1976 BULLDOGS

The Bulldogs faced a new schedule of opponents this year with the change to 11-man football. Miles played Loraine, Roscoe, Sterling City, Garden City, Eden, Richland Springs, Santa Anna, Bronte, and Irion County.

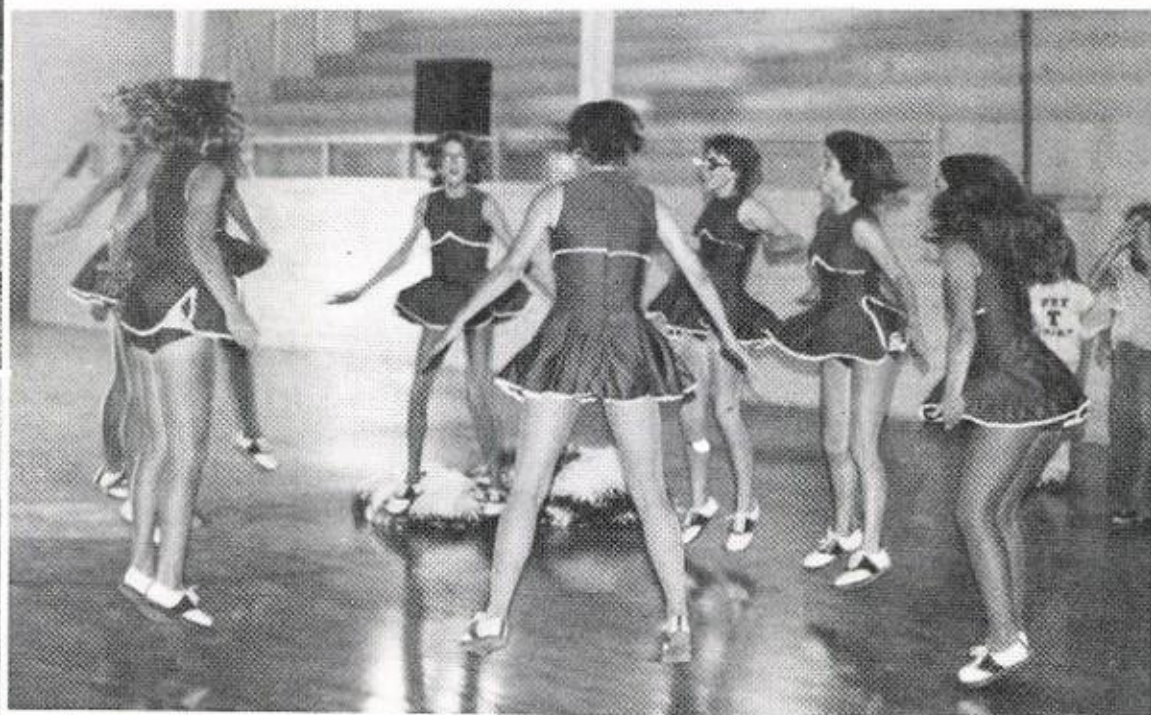

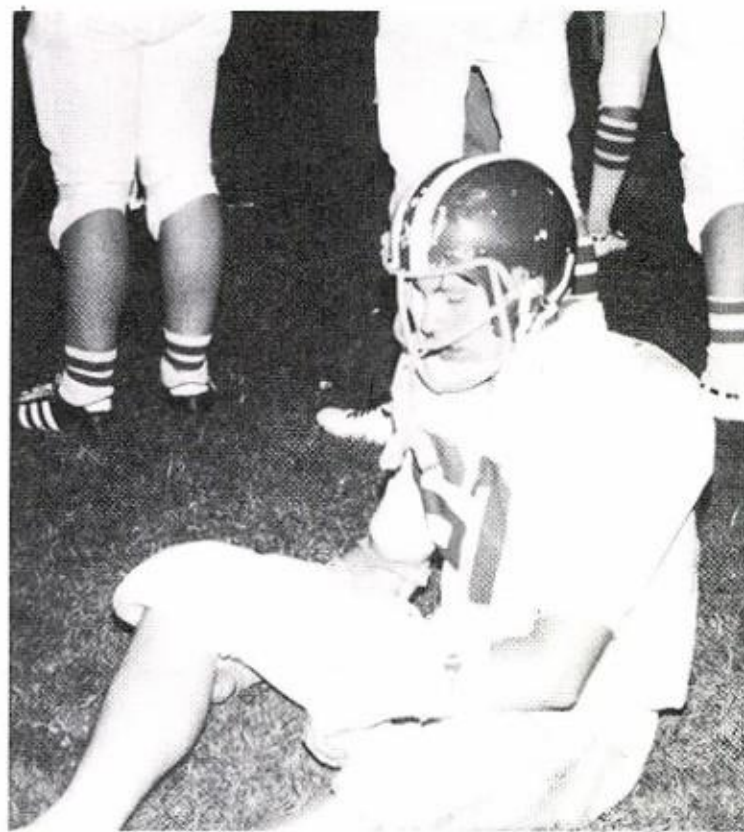

The football team was made up of 25 members. There were 9 Seniors, 6 Sophomores, and 10 Freshmen. The Bulldogs feel that experience and talent will help the team to a winning season next year.

The offense used by the Bulldogs was primarily a Single-Wing and a Split-end formation with many variations. The Dogs worked with a 4-3 defense and a 5-3 defense but the defense changed depending on the Opponent for each game. The Seniors felt the best games were the last two games of the season, after they had learned the skills of 11-man football. One thing to remember---The Bulldogs were never beaten in the year of 1976. They were just outscored . . .

We will not forget what we learned from
football season, 1976 . . .

1977 can be termed as a year for learning for both the coach and players. There were high points in the season, as well as low points, but it was an overall improvement for the girls in basketball.

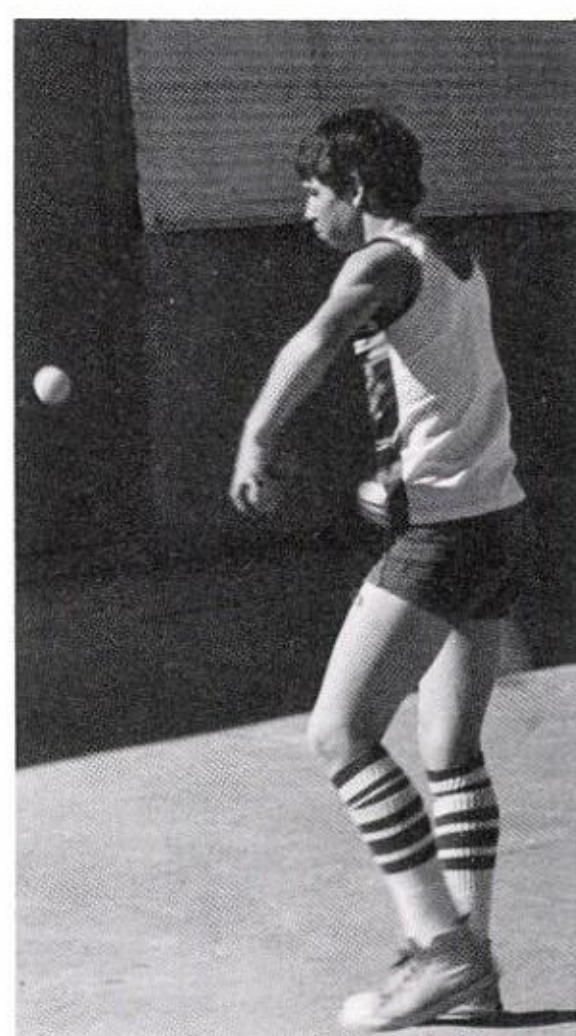

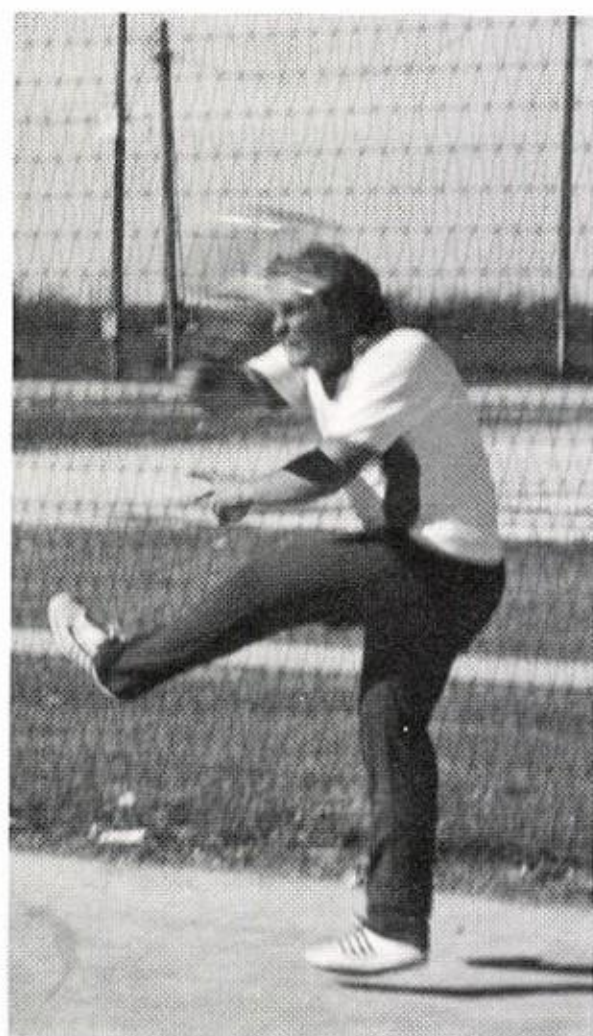

The basketball season for the boys was another successful one. The MHS boys were co-district champions, sharing the title with Eden. They worked well as a group and they were strong shooters.

REMEMBER THE TIME WHEN . . .

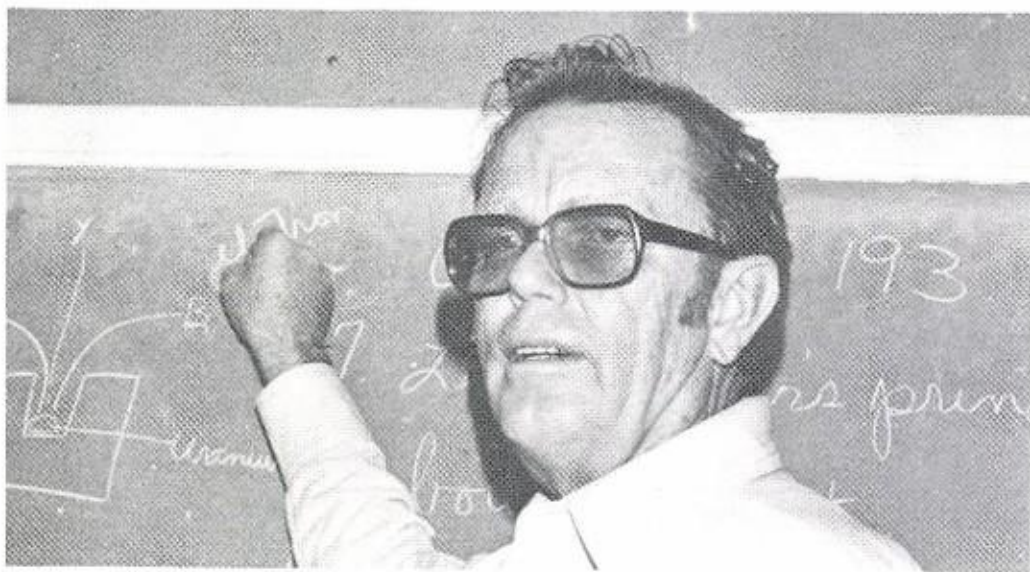

. . . Monday Mornings became rougher and rougher.

. . . we weren't too old for Santa Clause.

. . . the last game of the season was almost over.

. . . we couldn't believe that we had mistaken
 $\text{Al}_2(\text{SO}_4) + 2\text{Ca}(\text{OH})_2 \rightarrow 3\text{Al}(\text{OH})_3 + \text{CaSO}_4$ for
 $\text{AL}_2(\text{SO}_4) + 3\text{Ca}(\text{OH})_2 \rightarrow 2\text{Al}(\text{OH})_3 + \text{CASO}_4!!$

. . . breaks finally came, and we were let loose to do our "thing".

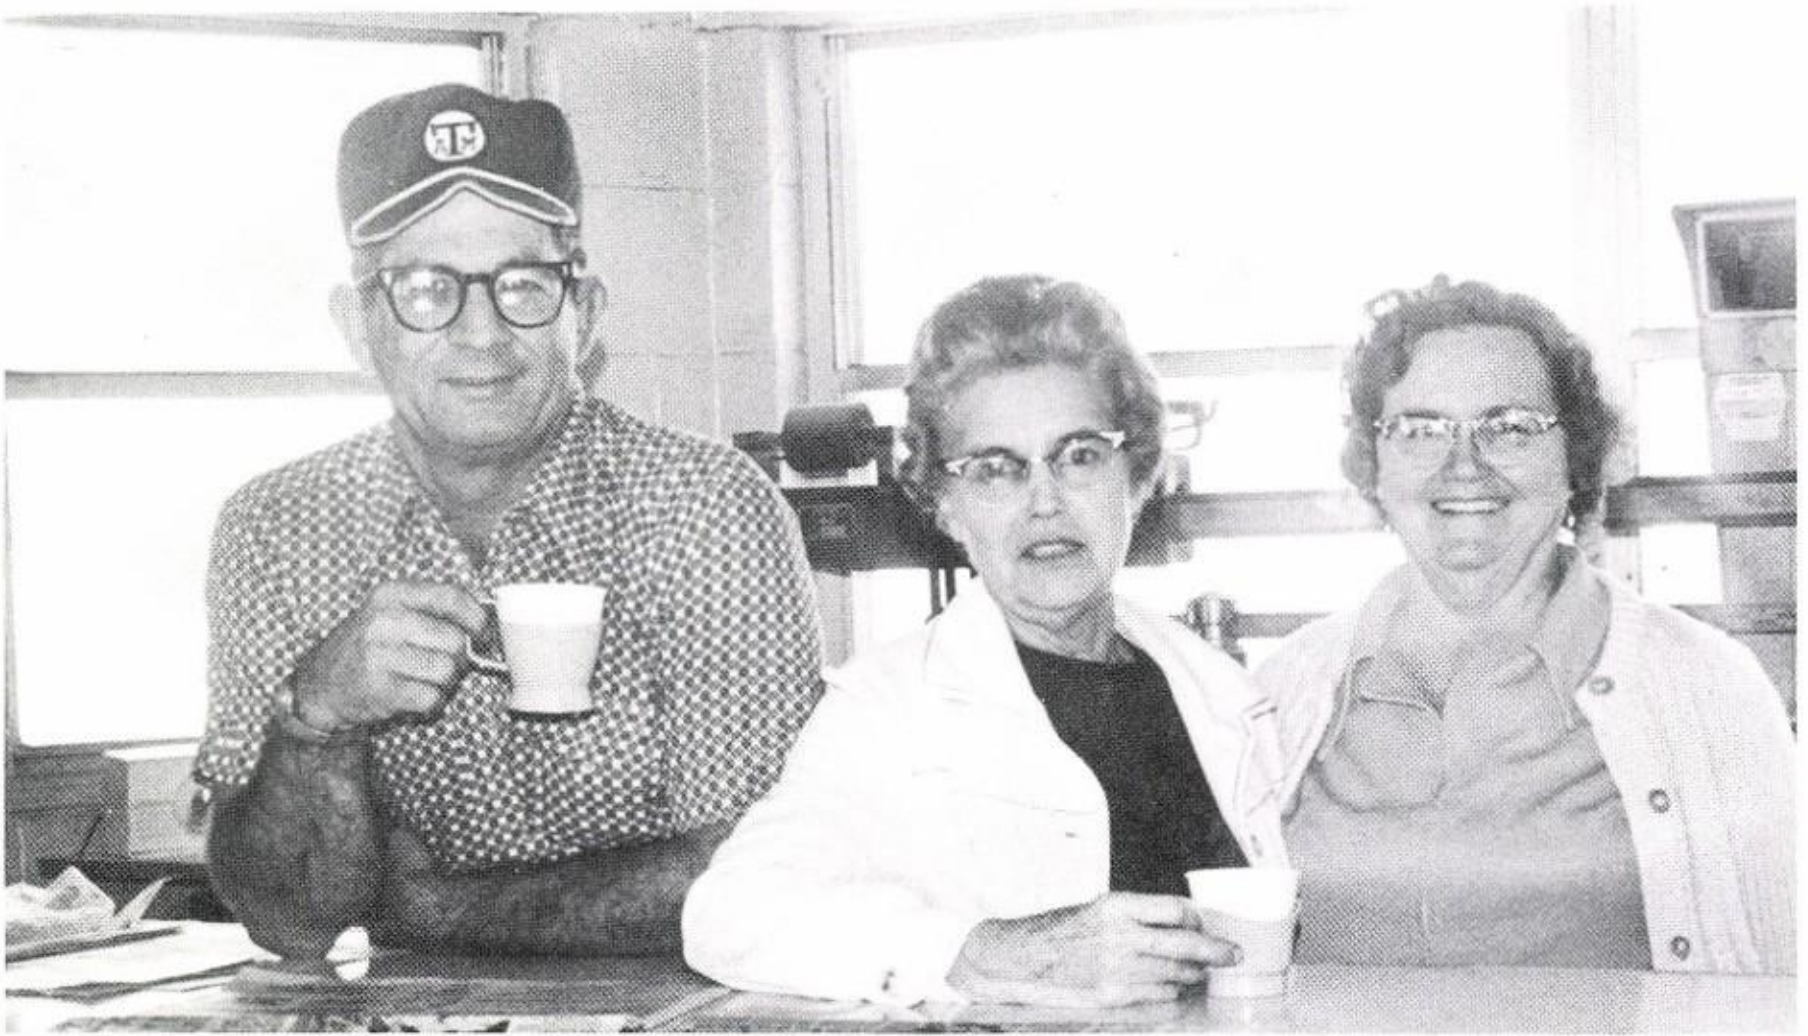

. . . the warpies were gone and it was like having a new gym floor!!

For the Seniors, this year was a time to plan for the day when we wouldn't attend MHS any longer. For the Juniors, Sophomores, and Freshmen, 1977 was an another step up the ladder of high school. For all, it was a fun year, a fast year, and a year for growing up.
